Data from the CAL FIRE Fire Resource and Assessment Program's (FRAP) Wildland-Urban Interface map combines land cover and census data to rank the density of human development adjoining undeveloped wildland vegetation.

**WILDLAND-URBAN INTERFACE (WUI)**

- High density
- Medium density
- Low density

**BOUNDARIES**

- Diamond Mountain AVA
- Watershed boundary (HUC12)
- Protected area

**INFRASTRUCTURE**

- County boundary
- Major road
- Street
